

Nousflash 009: Missing Piece for 9/11

Is Rebekah Roth a Limited Hangout?

"The illusion of freedom will continue as long as it's profitable to continue the illusion. At the point where the illusion becomes too expensive to maintain, they will just take down the scenery, they will pull back the curtains, they will move the tables and chairs out of the way and you will see the brick wall at the back of the theater."

— Frank Zappa

"With the 9/11 solution finally at hand, I think often of one group of people out of the countless numbers who have suffered and still suffer from those events: the friends and loved ones of the passengers on those four planes that did not crash on that day, not as the official story claims, anyway. *And may never have crashed.* What is going to break loose upon this world when some of those grieving people, led to believe their friends and loved ones perished on those airplanes, realize that the total of some 200 passengers on those four flights could still be alive? If they did not die in the way the official story says, might it be that they are not dead after all? What horror is that? I can even imagine what the perpetrators of the 9/11 attacks might be doing with them. Why they would keep them alive. What they would use them for. Can you?"

Limited hangout:

A **limited hangout**, or **partial hangout**, is a public relations or [propaganda technique](#) that involves the release of previously hidden information in order to prevent a greater exposure of more important details.

It takes the form of [deception](#), [misdirection](#), or [coverup](#) often associated with [intelligence agencies](#) involving a release or "[mea culpa](#)" type of confession of only part of a set of previously hidden sensitive information, that establishes credibility for the one releasing the information who by the very act of confession appears to be "coming clean" and acting with [integrity](#); but in actuality, by

withholding key facts, is protecting a deeper operation and those who could be exposed if the whole truth came out. In effect, if an array of offenses or misdeeds is suspected, this confession admits to a lesser offense while covering up the greater ones.

Timing:

Roth says that although the book came out in November, action on her views of 9/11 did not heat up until December, a month later: 9 December jupiter turns retrograde, phasing into the refresher course in release from pretending.

December 9, 2014 jupiter turns retrograde -- April 9, 2015 jupiter turns direct.

Constellation of the CRAB: Tantra Mother, release from pretending. This period ends, say, June 3, when jupiter enters 18 LEO, border of CRAB and LION.

§ Rebekah Roth - no Wikipedia bio. Jewish?

Issue: Not clear to me if she fictionalizes names of real persons in the novel. Dov Zakheim, for instance. Others who suggested that the planes landed...?

Other who noted the "smoking gun" of the FTS, Flight Termination System.

Topics, talking points:

Zakheim, covered in 2007

Zakheim and 9/11- Roth asserts :

His company produces and sold the FTS, Flight Termination System

He was comptroller of the Pentagon budget when 2.3 trillion disappeared, announced by Rumsfeld on September 10. The missile that his the Pentagon destroyed the section holding the files used to investigate this disappearance of funds.

His other company reburishes passenger jets to be resold as refueling planes to the military.

His company had the complete architectural blueprints for the Twin Towers.

Hence, both facilitating and ideally profiteering from the attacks.

Colonel Donn de Grand Pre (2005). Claimed the passengers were gassed and the planes remotely crashed in the ocean.

§ CAUTION: Limited hangout? Predictive programming? Roth's warning about an "Al Qaeda attack" early in May, or some year. Link to Jade Helm?

Looking at the brick wall?

What is the difference between lying and pretending?
